

Bali 5.4

Just when you were thinking it couldn't get any better. Here comes the Bali 5.4 a triumph of Open Space, and ergonomic flow-through accessibility, with practical storage solutions and the best of the Bali Catamaran Features that are already a proven success.

There is no other Catamaran on the market that displays the e'lan and grace of the Bali 5.4 which is evident in the ease of passage created by the level floors and the flow through design from the rear lounge/storage seating through to the dining area, then straight out through the doorway from the Galley to the fabulous forward entertainment salon that replaces the trampoline on standard Catamaran Designs. Breaking all the rules, Bali 5.4 revolutionises the use of formerly unuseable space. This is a real bonus, giving you so many more choices for entertaining your guests, or just having extra alternative spaces for dining, lounging or simply reading a book and enjoying the "Me" time, no-one feels crowded on this boat. The large fully retractable window in front of the galley provides brilliant light and communication with the forward cockpit, the cook is not isolated to the lower depths. You can have your morning coffee passed through as the sun rises and pass the glass of champagne in time for the brilliant sunset.

An immense folding glazed door, takes you in a flash from Sailing mode to Lounge mode, which opens up the living space entirely as the BALI 5.4 cockpit/saloon area is entirely free of bulkheads, it is really an open plan lifestyle at its best. With extraordinary natural light, the wide sliding windows ensure exceptional ventilation and a fantastic panoramic view.

Designed for comfort, intimacy and above all, space, the cabins all provide great storage solutions. Whatever the configurations (4, 5 or 6 cabins), each guest cabin has its own bathroom. The Owner's Suite comes with a private shower and separated toilets.

The interiors are the signature Bali Catamaran Style by Lasta Design Studios of a soft, muted contemporary palette, utilising modern and refined
